The Oracle's Horizon

The Triple Tower Triangulation & The Stage Horizon

Within the sanctum of Tower II, The Desert Oracle unrolls the grand triangular parchment of the Order.
Hermes places the recovered Astrolabe upon the altar alongside the five Cairn seals.
The Oracle speaks: «Tower I in the snow revealed WHAT. Here in the burning stone thou hast learned WHERE.
Now align the two towers to project the vector eastward toward Tower III, where WHEN awaits.»

The Triangulation Theorem of the Three Towers:

Vector I (Tower I -> Tower II): Bearing 194° SSW · Confirmed by Al-Qibla Sun Compass.

Vector II (Tower II -> Tower III): Bearing 076° ENE · Towards the Great Auditorium of Mirrors.

Master Alignment: When WHAT, WHERE, and WHEN converge, the secret 4th vault unlocks.

Status: [DESERT PATH COMPLETED · STAGE PATH NAVIGATION PROTOCOL INITIALIZED]
